TO: All Training Ship Personnel
SUBJ: Sea Term Communications Instructions

The below information should be provided to all friends and family that may have an interest in the upcoming Sea Term. Mail should be sent via AIRMAIL only, posted about ten days prior to our arrival date. Only packages received from our campus will be accepted aboard because of our security measures. Please contact any of the below officers if you need to have critically important materials be sent to the ship.

All ship's crew and cadets may register for an email account that uses satellites. Unlike shore side systems, this system charges for each message, based upon the quantity of text. The system can handle attachments and pictures, but users should be warned that this can drive up the cost significantly.
